Lesson Procedure

STAGE 1: Setting the Scene – 04 Minutes

Component	Details
Stage Aim	To activate learners' prior knowledge by recalling the correct use of this, that, these and those through observation and guided questioning
Teacher Activity	The teacher displays Annex 01 (This–That–These–Those Revision Poster) on the smart TV/whiteboard. The poster contains colourful pictures showing singular and plural objects placed both near and far . The teacher asks guiding questions such as, " Which object is near? ", " Is there one object or more than one? ", " Which word can we use for this picture? ", and " Why did you choose that word? " Learners are encouraged to discuss their answers before responding. The teacher confirms the correct responses and introduces the lesson by saying, " Today we are going to revise the correct use of <i>this, that, these</i> and <i>those</i>. "
Learner Activity	Learners observe the revision poster, identify whether the objects are near or far and singular or plural , answer the teacher's guiding questions, discuss their ideas with classmates and recall the correct use of this, that, these and those .
Support for slow learners	The teacher points to one picture at a time, uses gestures to show near and far , highlights whether there is one object or more than one , and encourages peer support before learners answer.
Interaction	Teacher ↔ Learners
Materials	Annex 01 – This–That–These–Those Revision Poster , smart TV/whiteboard, whiteboard and markers.
ILOs	ILO 1, ILO 2, ILO 4
ICQs / Assessment	ICQs: • Are you looking at the picture carefully? • Is the object near or far? • Is there one object or more than one? • Which word

	will you use— this, that, these or those ? Assessment for Learning: The teacher observes learners' responses and checks whether they can correctly identify the appropriate demonstrative according to distance and number before moving to the next activity.
--	---

STAGE 2: Presentation (Guided Discovery) – 08 Minutes

Component	Details
Stage Aim	To help learners revise and use this, that, these and those appropriately through guided questioning and pair interaction.
Teacher Activity	The teacher divides the class into two equal groups and distributes Annex 02 (Question–Answer Activity Cards) . The teacher demonstrates one example with a volunteer learner. One group asks questions using the pictures on the cards (e.g., " What is this? ", " What are those? "), while the other group answers using complete sentences (e.g., " This is a pencil. ", " Those are kites. "). After several questions, the groups exchange roles. The teacher moves around the classroom, monitors learners' interactions, asks guiding questions where necessary and provides immediate feedback without directly supplying the answers. At the end of the activity, a few pairs demonstrate their conversations in front of the class.
Learner Activity	Learners work cooperatively in two groups. One group asks questions using the activity cards, while the other group responds using the correct demonstratives and complete sentences. Learners then exchange roles, participate in class demonstrations and listen to feedback from the teacher and classmates.
Support for Learners	The teacher provides sentence starters on the board (e.g., " What is...? ", " This is... ", " What are...? ", " These are... ") and encourages peer support. Learners may refer to Annex 01 (Revision Poster) when they need assistance.

Interaction	Learner ↔ Learner (Two Groups), Teacher ↔ Learners
Materials	Annex 02 – Question–Answer Activity Cards, Annex 01 – Revision Poster , whiteboard and markers.
ILOs	ILO 1, ILO 2, ILO 3, ILO 4
ICQs / Assessment	ICQs: • Which group asks the questions first? • Will you answer using a complete sentence? • Will the groups exchange roles? • Are you using this, that, these or those correctly? Assessment for Learning: The teacher observes learners' oral interactions, checks their ability to ask and answer questions accurately using the correct demonstratives, and provides constructive feedback where necessary.

STAGE 3: Guided Practice – 12 Minutes

Component	Details
Stage Aim	To provide learners with collaborative practice in selecting and using this, that, these and those correctly in meaningful contexts
Teacher Activity	The teacher keeps learners in their groups and distributes Annex 03 (Group Task Sheet) to each group. The teacher demonstrates one example by identifying the distance (near/far) and number (singular/plural) of an object before selecting the correct demonstrative. Learners are instructed to observe the pictures carefully, discuss the answers within their groups and complete the task sheet together. The teacher moves around the classroom, monitors discussions, asks guiding questions such as " Is it near or far? " and " Is there one object or more than one? ", and provides support without giving direct answers. After completing the activity, each group presents selected answers to

	the class. The teacher encourages peer feedback, appreciates learners' efforts and confirms the correct responses.
Learner Activity	Learners work collaboratively to observe the pictures, identify whether the objects are near or far and singular or plural , discuss the correct demonstratives, complete the group task sheet and present their answers confidently to the class. They listen to other groups' presentations, compare answers and make corrections where necessary.
Support for Learners	The teacher encourages learners to refer to Annex 01 (Revision Poster) when they are unsure. Guiding questions and peer support are used to help learners identify the correct demonstrative before writing the answer.
Interaction	Learner ↔ Learner (Group Work), Teacher ↔ Groups
Materials	Annex 03 – Group Task Sheet, Annex 01 – Revision Poster , whiteboard and markers.
ILOs	ILO 1, ILO 2, ILO 3, ILO 4, ILO 5
ICQs / Assessment	ICQs: • Are you discussing the answers with your group? • Will everyone participate in the activity? • Have you checked whether the object is near or far? • Have you checked whether it is one object or more than one before choosing the demonstrative? Assessment for Learning: The teacher observes group discussions and presentations to assess learners' ability to apply this, that, these and those accurately while working collaboratively and provides immediate feedback where necessary.

STAGE 4: Assessment and Evaluation – 12 Minutes

Component	Details
Stage Aim	To assess learners' ability to independently identify and use this, that, these and those accurately in simple sentences.
Teacher Activity	The teacher distributes Annex 04 (Individual Practice Worksheet) to each learner and explains the instructions by

	completing one example with the whole class. Learners are instructed to complete the worksheet independently by selecting the correct demonstratives and completing the sentences. The teacher moves around the classroom, observes learners' work, identifies common errors and provides guidance through prompting questions without giving direct answers. After the activity, selected learners present their answers to the class. The teacher encourages peer correction where appropriate, appreciates learners' efforts and confirms the correct answers by explaining the reason based on distance (near/far) and number (singular/plural).
Learner Activity	Learners complete the worksheet individually by observing the pictures and sentences, choosing the correct demonstratives and writing complete answers. They present selected responses, compare their work with classmates' answers, correct mistakes where necessary and reflect on their learning.
Support for Learners	The teacher provides verbal prompts such as "Is it near or far?" and "Is it one object or more than one?" Learners are encouraged to refer to Annex 01 (Revision Poster) if they need additional support before answering.
Interaction	Individual Work, Teacher ↔ Learners
Materials	Annex 04 – Individual Practice Worksheet, Annex 01 – Revision Poster, pencils, whiteboard and markers.
ILOs	ILO 1, ILO 2, ILO 3, ILO 5
ICQs / Assessment	ICQs: • Are you working individually? • Have you looked at the picture before answering? • Did you check whether the object is near or far? • Did you check whether it is singular or plural before choosing the demonstrative? Assessment of Learning: The teacher evaluates each learner's ability to use this, that, these and those accurately in written sentences, records common strengths and difficulties, and provides immediate feedback to reinforce correct language use.

STAGE 5: Wrap-up – 04 Minutes

Component	Details
Stage Aim	To consolidate learners' understanding of the correct use of this, that, these and those through guided revision and class discussion.
Teacher Activity	The teacher displays Annex 01 (Revision Poster) and asks learners to recall the four demonstratives by observing the pictures. Through guided questioning, the teacher asks, " When do we use <i>this</i>? ", " When do we use <i>those</i>? ", " Which words are used for singular nouns? " and " Which words are used for plural nouns? " Learners explain their answers, and the teacher briefly reviews the key grammar points by emphasizing the relationship between distance (near/far) and number (singular/plural) . The teacher appreciates learners' participation, clarifies any remaining misconceptions and summarizes the lesson.
Learner Activity	Learners answer the teacher's questions, identify the correct demonstratives, explain their choices using the pictures, participate in the class discussion and recall the rules learnt during the lesson.
Support for Learners	The teacher points to individual pictures on the revision poster, demonstrates near and far using gestures and provides simple prompts to help learners recall the correct demonstratives.
Interaction	Teacher ↔ Learners
Materials	Annex 01 – This–That–These–Those Revision Poster , whiteboard and markers.
ILOs	ILO 1, ILO 2, ILO 3, ILO 4
ICQs / Assessment	CCQs: • Which word do we use for one object near us ? • Which word do we use for one object far away ? • Which words are used for plural nouns ? • What do we check before choosing the correct demonstrative? Assessment for

	Learning: The teacher checks learners' oral responses to ensure they can confidently distinguish demonstratives according to distance and number before concluding the lesson.

STAGE 6: Follow-up / Homework – 04 Minutes

Component	Details
Stage Aim	To reinforce learners' understanding of this, that, these and those by applying them in meaningful real-life situations beyond the classroom.
Teacher Activity	The teacher distributes Annex 05 (Homework Sheet) and explains the homework instructions clearly. Learners are instructed to observe objects at home and write eight meaningful sentences using this, that, these and those correctly. They are encouraged to include two sentences for each demonstrative using real objects found at home or in their surroundings. The teacher reminds learners to check whether the object is near or far and singular or plural before choosing the correct demonstrative. The teacher informs learners that their homework will be discussed during the next lesson.
Learner Activity	Learners listen to the instructions, ask questions if necessary and note down the homework. They complete the activity independently at home by observing real objects and writing meaningful sentences using the four demonstratives correctly.
Support for Learners	The teacher provides one example for each demonstrative before learners leave the classroom. Learners are encouraged

	to refer to Annex 01 (Revision Poster) and their class notes while completing the homework.
Interaction	Teacher ↔ Learners
Materials	Annex 05 – Homework Sheet
ILOs	ILO 3, ILO 5
