

LESSON PLAN

Lesson and Teaching information.

Component	Details
Date	2026
Subject	English
Grade	6
Number of Learners	20
Age Group	10–11 years
Lesson Topic	Listening for Specific Information: School Environment Day Programme
Unit / Activity	Supplementary listening activity connected to familiar school events and Grade 6 listening outcomes
Duration	40 minutes
Teaching Model	Pre-listening, While-listening and Post-listening Model
Main Language Focus	Listening to a short spoken programme and recording specific details
Integrated Skills	Listening, speaking, limited reading and writing
Competency	3. Engages in active listening and responds appropriately.
Competency Levels	3.3 Listens to a simple text for specific information.
Teaching Techniques	Elicitation, prediction, vocabulary support, teacher modelling, repeated listening, table completion, pair checking and formative assessment
Teaching Aids	Environment Day picture, event cards, teacher-read listening script, programme grid, word bank, exit slip, board and marker

Intended Learning Outcomes

Component	Details
ILO 1 (Knowledge)	Identifies the event, date, starting time, place, activities and required items in a short spoken programme.
ILO 2(Skill)	Records at least five out of six specific details accurately after listening to the text twice.

ILO 3(Attitude)	Listens attentively and shows a positive attitude towards protecting the school environment.
ILO 4(Performance)	Completes the programme grid and orally reports at least two accurate details using simple sentences.

Assumed Prior Knowledge

Component	Details
Prior Knowledge	Learners know days, dates, simple clock times, common school places and environmental activities such as planting trees, cleaning and collecting plastic.

Classroom Management Plan

Component	Details
Classroom Management	Learners sit in mixed-ability pairs but complete the main listening grid individually. Worksheets remain face down during the first listening. Pair checking begins only after the second listening, and the teacher reads the text once more for final confirmation.

Lesson Procedure

STAGE 1:

Component	Details
Stage Aim	To activate prior knowledge and create interest in the topic.
Teacher Activity	The teacher displays a picture of learners planting trees and cleaning a school garden. The teacher asks: “What are they doing?” “Why should we keep our school clean?” and “Have you taken part in an Environment Day?”
Learner Activity	Learners observe the picture and answer the questions using words or short sentences.
Support for slow learners	The teacher uses gestures, accepts one-word answers and provides picture clues for planting, cleaning and collecting.
Interaction	T–Ss / Ss–T
Materials	Environment Day picture

ILOs	ILO 1 and ILO 3
ICQs / Assessment	The teacher checks whether learners identify at least two environmental activities.

STAGE 2:

Component	Details
Stage Aim	To introduce the key vocabulary and information categories required for listening.
Teacher Activity	The teacher presents Environment Day, school garden, assembly hall, sapling, gloves and plastic bottles. The teacher then displays the headings event, date, time, place, activities and items to bring.
Learner Activity	Learners repeat the words, match them with pictures and predict what details may appear in the spoken programme.
Support for slow Learners	The teacher keeps picture-word cards and heading cards visible and provides simple either/or questions.
Interaction	T–Ss / Pair work
Materials	Picture cards, word cards and heading cards
ILOs	ILO 1 and ILO 3
ICQs / Assessment	The teacher asks: “Which heading tells us where?” “Which heading tells us what to bring?”

STAGE 3:

Component	Details
Stage Aim	To understand the general topic and purpose of the spoken text.
Teacher Activity	The teacher asks learners to keep pencils down and reads the programme once. The teacher asks: “What school event is described?” and “Is it held in the morning or evening?”
Learner Activity	Learners listen without writing and answer the two gist questions orally.

Support for slow Learners	The teacher reads clearly with natural pauses and repeats the questions using simpler wording.
Interaction	T–Ss
Materials	Teacher’s listening script – Annex 01
ILOs	ILO 1 and ILO 3
ICQs / Assessment	Expected answers: School Environment Day; morning.

STAGE 4:

Component	Details
Stage Aim	To identify and record specific details from the spoken programme.
Teacher Activity	The teacher distributes the programme grid and reads the text a second time with short pauses. Learners complete the six sections. The text is read once more for checking.
Learner Activity	Learners listen and write short answers in the grid individually.
Support for slow Learners	A word, date and time bank is provided. The teacher pauses after important details and gives additional processing time.
Interaction	Individual work
Materials	Programme grid – Annex 02
ILOs	ILO 1, ILO 2 and ILO 4
ICQs / Assessment	ICQs: “Do you write full paragraphs?” – No. “Do you write short details?” – Yes. “Do you complete the grid while listening?” – Yes.

STAGE 5:

Component	Details
Stage Aim	To verify the recorded details and report information orally.
Teacher Activity	The teacher asks learners to compare answers with a partner and then checks the grid with the class. Sentence frames are displayed: “The programme is on ____.” “It starts at ____.” “Students should bring ____.”
Learner Activity	Learners compare, correct and orally report at least two details from the programme.

Support for slow Learners	Learners may read from the completed grid and use the sentence frames displayed on the board.
Interaction	Pair work / T–Ss
Materials	Answer grid and sentence strips
ILOs	ILO 2, ILO 3 and ILO 4
ICQs / Assessment	The teacher checks whether learners recorded at least five correct details and can report two facts.

STAGE 6:

Component	Details
Stage Aim	To assess independent listening for specific information and provide follow-up practice.
Teacher Activity	The teacher reads a short programme about a school health camp twice. Learners complete a four-item exit slip. Homework: write four details about a school event under the headings event, date, place and activity.
Learner Activity	Learners complete the exit slip independently and record the homework.
Support for slow Learners	The exit text uses familiar school vocabulary and each important detail is expressed clearly.
Interaction	Individual work
Materials	Exit slip – Annex 03
ILOs	ILO 1, ILO 2 and ILO 4
ICQs / Assessment	Success criterion: learners identify at least three out of four specific details correctly.

Annexes

ANNEX 01 – Teacher’s Listening Script

“Our School Environment Day will be held on Friday, the 18th of September. The programme will begin at 8.00 a.m. in the school assembly hall. First, the principal will give a short speech. Then Grade 6 students will plant saplings in the school garden and collect plastic bottles from the playground. Each student should bring a pair of gloves, a small hoe and a bottle of drinking water. The programme will finish at 11.30 a.m.”

ANNEX 02 – Programme Information Grid

Listen and complete the grid.

Event: _____
Date: _____
Starting time: _____
Starting place: _____
Two activities: _____
Items to bring: _____
Finishing time: _____

Word, Date and Time Bank: Environment Day, Friday 18th September, 8.00 a.m., assembly hall, plant saplings, collect plastic bottles, gloves, hoe, water, 11.30 a.m.

ANNEX 03 – Exit Slip

Teacher reads: “The school health camp will be held on Monday at 9.00 a.m. in the main hall. Students should bring their health record books. A doctor and two nurses will attend the programme.”

Event: _____

Day: _____

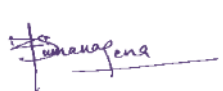

Place: _____

Bring: _____
