Lesson Procedure

STAGE 1: Setting the Scene / Presentation (5 minutes)

Component	Details
Stage Aim	To activate learners' prior knowledge and introduce WH question words in an engaging and meaningful context.
Teacher Activity	Greets learners warmly and creates a friendly learning atmosphere. Displays Annex 1 showing different WH question words. Holds a soft ball and asks one learner, "What is your name?" After the learner answers, the learner throws the ball to another classmate and asks another WH question such as "Where do you live?", "Who is your best friend?", "What is your favourite food?", "When is your birthday?" or "How do you come to school?" The activity continues with several learners. The teacher then displays Annex 2 and briefly elicits the meanings and uses of each WH question word instead of explaining them directly.
Learner Activity	Observe the question-word cards, answer questions, ask appropriate WH questions, throw the ball to classmates, respond confidently and identify different WH question words.
Support for slow learners	Provide picture clues and simple prompts. Allow learners who need additional support to answer familiar personal questions first before attempting more challenging ones. Pair them with supportive peers if necessary.
Interaction	Teacher ↔ Learners, Learner ↔ Learner
Materials	Annex 1, Annex 2, Soft Ball, Whiteboard
ILOs	ILO 1, ILO 2, ILO 4
ICQs / Assessment	ICQs: "Are you asking or answering?" "Can you ask only one question?" "Who will throw the ball next?" Assessment: Teacher observes learners' participation, confidence and correct use of WH question words.

STAGE 2: Presentation / Guided Discovery (06 minutes)

Component	Details
Stage Aim	To help learners identify the meaning and use of each WH question word through guided discovery.
Teacher Activity	Displays Annex 3 (Guided Discovery Task Sheet) . Asks learners to work in pairs and read the answers carefully. Guides learners to identify the correct WH question word for each sentence by asking simple questions rather than giving the answers directly. Monitors pair discussions, elicits responses from different pairs, writes the correct answers on the whiteboard and summarizes the use of each WH question word.
Learner Activity	Work in pairs, discuss the answers, identify the correct WH question word, complete the task sheet, compare answers with another pair and participate in the whole-class discussion.
Support for Learners	Provide picture clues and point to the relevant picture while asking questions. Pair learners who need additional support with stronger learners.
Interaction	Teacher ↔ Learners, Pair Work
Materials	Annex 3, Whiteboard, Marker
ILOs	ILO 1, ILO 2
ICQs / Assessment	ICQs: Are you writing one WH question word or a complete sentence? Assessment: Oral questioning and observation of learner responses.

STAGE 3: Practice (Textbook Activity 10) (06 minutes)

Component	Details
Stage Aim	To help learners identify and match the correct WH question words with visual clues in the textbook activity.
Teacher Activity	Asks learners to open the textbook to Activity 10 (Page 54) . Demonstrates the first item with the whole class. Learners then work in pairs to match the pictures with the correct WH question words. The teacher monitors pair discussions, asks learners to explain their answers and provides support where necessary. Reviews the answers through whole-class feedback.
Learner Activity	Open the textbook, discuss the pictures with a partner, identify the correct WH question words, complete Activity 10 and explain their answers during feedback.
Support for Learners	Give vocabulary support by referring learners to the textbook pictures and asking simple guiding questions.
Interaction	Pair Work → Whole Class
Materials	Textbook (Page 54), Whiteboard
ILOs	ILO 2, ILO 1, ILO 4
ICQs / Assessment	ICQs: "Are you working alone?" , "Do you have to discuss before writing?", "How many pictures are there?" Assessment: Observation of pair discussion and correct matching.

STAGE 4: Communicative Practice (Pair Interview Activity) (08 minutes)

Component	Details
Stage Aim	To provide learners with guided opportunities to ask and answer WH questions confidently through a pair interview.
Teacher Activity	Distributes Annex 4 (Pair Interview Worksheet) . Demonstrates one interview with a learner. Learners interview their partners, record answers and share one interesting answer with the class.
Learner Activity	Work in pairs. Ask and answer the interview questions. Record the partner's answers on the worksheet. Share one interesting answer with the class.
Support for slow Learners	Provide question prompts and vocabulary support where necessary. Pair learners who need additional support with more confident learners
Interaction	Learner ↔ Learner, Teacher ↔ Learners
Materials	Annex 4 (Pair Interview Worksheet)
ILOs	ILO 3, ILO 4, ILO 5
ICQs / Assessment	ICQs: • Are you interviewing your partner? • Will you write your partner's answers? • Will both of you ask questions? Assessment: Teacher observes learners' questioning skills, speaking confidence and accurate recording of answers.

STAGE 5- Production / Application (Group Task) (8 min)

Component	Details
Stage Aim	To enable learners to apply their knowledge of WH question words collaboratively by completing a group task, discussing answers and presenting their ideas confidently.
Teacher Activity	Asks learners to open Activity 11 (Page 55) in the textbook and completes the first two items together with the class as a model. Then divides learners into groups of four and distributes Annex 5 (Group Task – Ask & Match). Gives clear instructions and reminds learners to discuss each answer before writing. Monitors group discussions, asks probing questions, encourages every learner to participate and invites one member from each group to present the answers. Provides feedback and clarifies common mistakes where necessary.
Learner Activity	Complete the first two textbook questions with teacher guidance. Work collaboratively in groups to complete Annex 5 by selecting the correct WH question words. Discuss ideas, justify answers, create one new WH question together and present the group's work to the class.
Support for Learners	Allow learners to refer to Annex 2 (WH Question Words Chart). Encourage peer support within each group and provide verbal prompts to learners who need additional support.
Interaction	Whole Class → Group Work → Whole Class
Materials	Annex 5, Textbook (Page 55), Whiteboard
ILOs	ILO 2, ILO 3, ILO 4, ILO 5
ICQs / Assessment	ICQs: • Are you working in groups? • Will everyone share an idea? • Will your group create one new WH question? • Who will present your group's answer?

	Assessment: The teacher observes learners' participation, collaboration, accuracy in selecting WH question words, ability to justify their answers and confidence during the group presentation.

STAGE 6: Consolidation / Closure (07 minutes)

Component	Details
Stage Aim	To review learners' understanding of WH question words, provide feedback and reinforce learning through an individual exit task and homework

Distributes Annex 6 (Exit Ticket) and gives clear instructions. Monitors learners while they complete the Exit Ticket individually. Collects the Exit Tickets and provides brief feedback on common errors. Distributes Annex 7 (Homework Worksheet) and explains the homework.
Learner Activity	• Ask and answer WH questions orally. • Listen to the teacher's summary. • Complete Annex 6 (Exit Ticket) individually and submit it. • Receive Annex 7 and note down the homework instructions.
Support for slow Learners	• Allow learners to refer to Annex 2 (WH Question Word Chart) while completing the Exit Ticket. • Provide individual guidance and verbal prompts where necessary.

Interaction	Whole Class → Individual
Materials	Annex 6 (Exit Ticket) , Annex 7 (Homework Worksheet)
ILOs	ILO 3, ILO 2, ILO 5
ICQs / Assessment	ICQs: • Are you completing the Exit Ticket alone? • Can you look at your friend's paper? (<i>No.</i>) • Will you submit the Exit Ticket before leaving? • Do you know what your homework is? Assessment: The teacher collects the Exit Tickets (Annex 6) to assess each learner's understanding of WH question words, gives brief oral feedback on common errors and uses the results to plan future learning.

Reflection

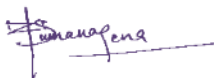

The most interesting thing I learnt was:

Teacher Reflection

Component	Details
Reflection	Pre-teaching Reflection I expect students to understand the meaning and appropriate use of common WH question words in everyday communication. I have planned engaging pair work, group discussions and interactive questioning activities to encourage active participation. Learners who need additional support will receive picture prompts and guided practice. By the end of the lesson, I hope students will confidently ask and answer simple WH questions in meaningful contexts.

	Post-teaching Reflection Most students actively participated in the lesson and were able to identify and use common WH question words appropriately during pair and group activities. The interactive questioning tasks and interview activities encouraged learners to communicate confidently and support one another. A few learners needed additional guidance in selecting the most suitable WH question word in different contexts, but they improved with teacher support and picture prompts. Overall, the lesson objectives were successfully achieved. In future lessons, I will provide more communicative practice and real-life questioning activities to further develop learners' confidence and accuracy in asking and answering WH questions.
